

Libertà assoluta, spazialità assoluta, creatività assoluta. / Absolute freedom, absolute spatiality, absolute creativity.

La rappresentazione euclidea degli Stati Fondamentali della luce:
diretta, indiretta e diffusa.

La possibilità di portare la luce ovunque, liberamente
senza essere condizionati dall'impianto elettrico.

Ogni prodotto vive di vita propria, ma può integrarsi e fondersi con l'altro.

Con **Endless** è possibile alimentare **Infinito, Flash, Ohm**

La tecnologia aiuta a cancellare i confini.

Materiali impalpabili, talvolta invisibili, conduttori nascosti, travestiti,
ragnatele sottili di filamenti che conducono e disegnano la luce.

Luce che corre su binari digitali, su fili leggeri e quasi invisibili,
su nastri modulabili che possono posarsi su scale,
finestre, vetrate, senza più limiti.

Circuiti che si chiudono, luci d'accento, diodi leggerissimi.

Progetti integrati, modulabili e compatibili con **Endless**.

Tutto questo è parte dei nostri Sistemi.

The Euclidean representations of the Fundamental States of light:
direct, indirect and diffuse.

The possibility to take light anywhere, freely,
without any electrical constraints.

Each product lives its own life, but can be integrated and blended with
others. **Endless** can be used to power **Infinito, Flash, Ohm**.

Technology helps to break down the boundaries.

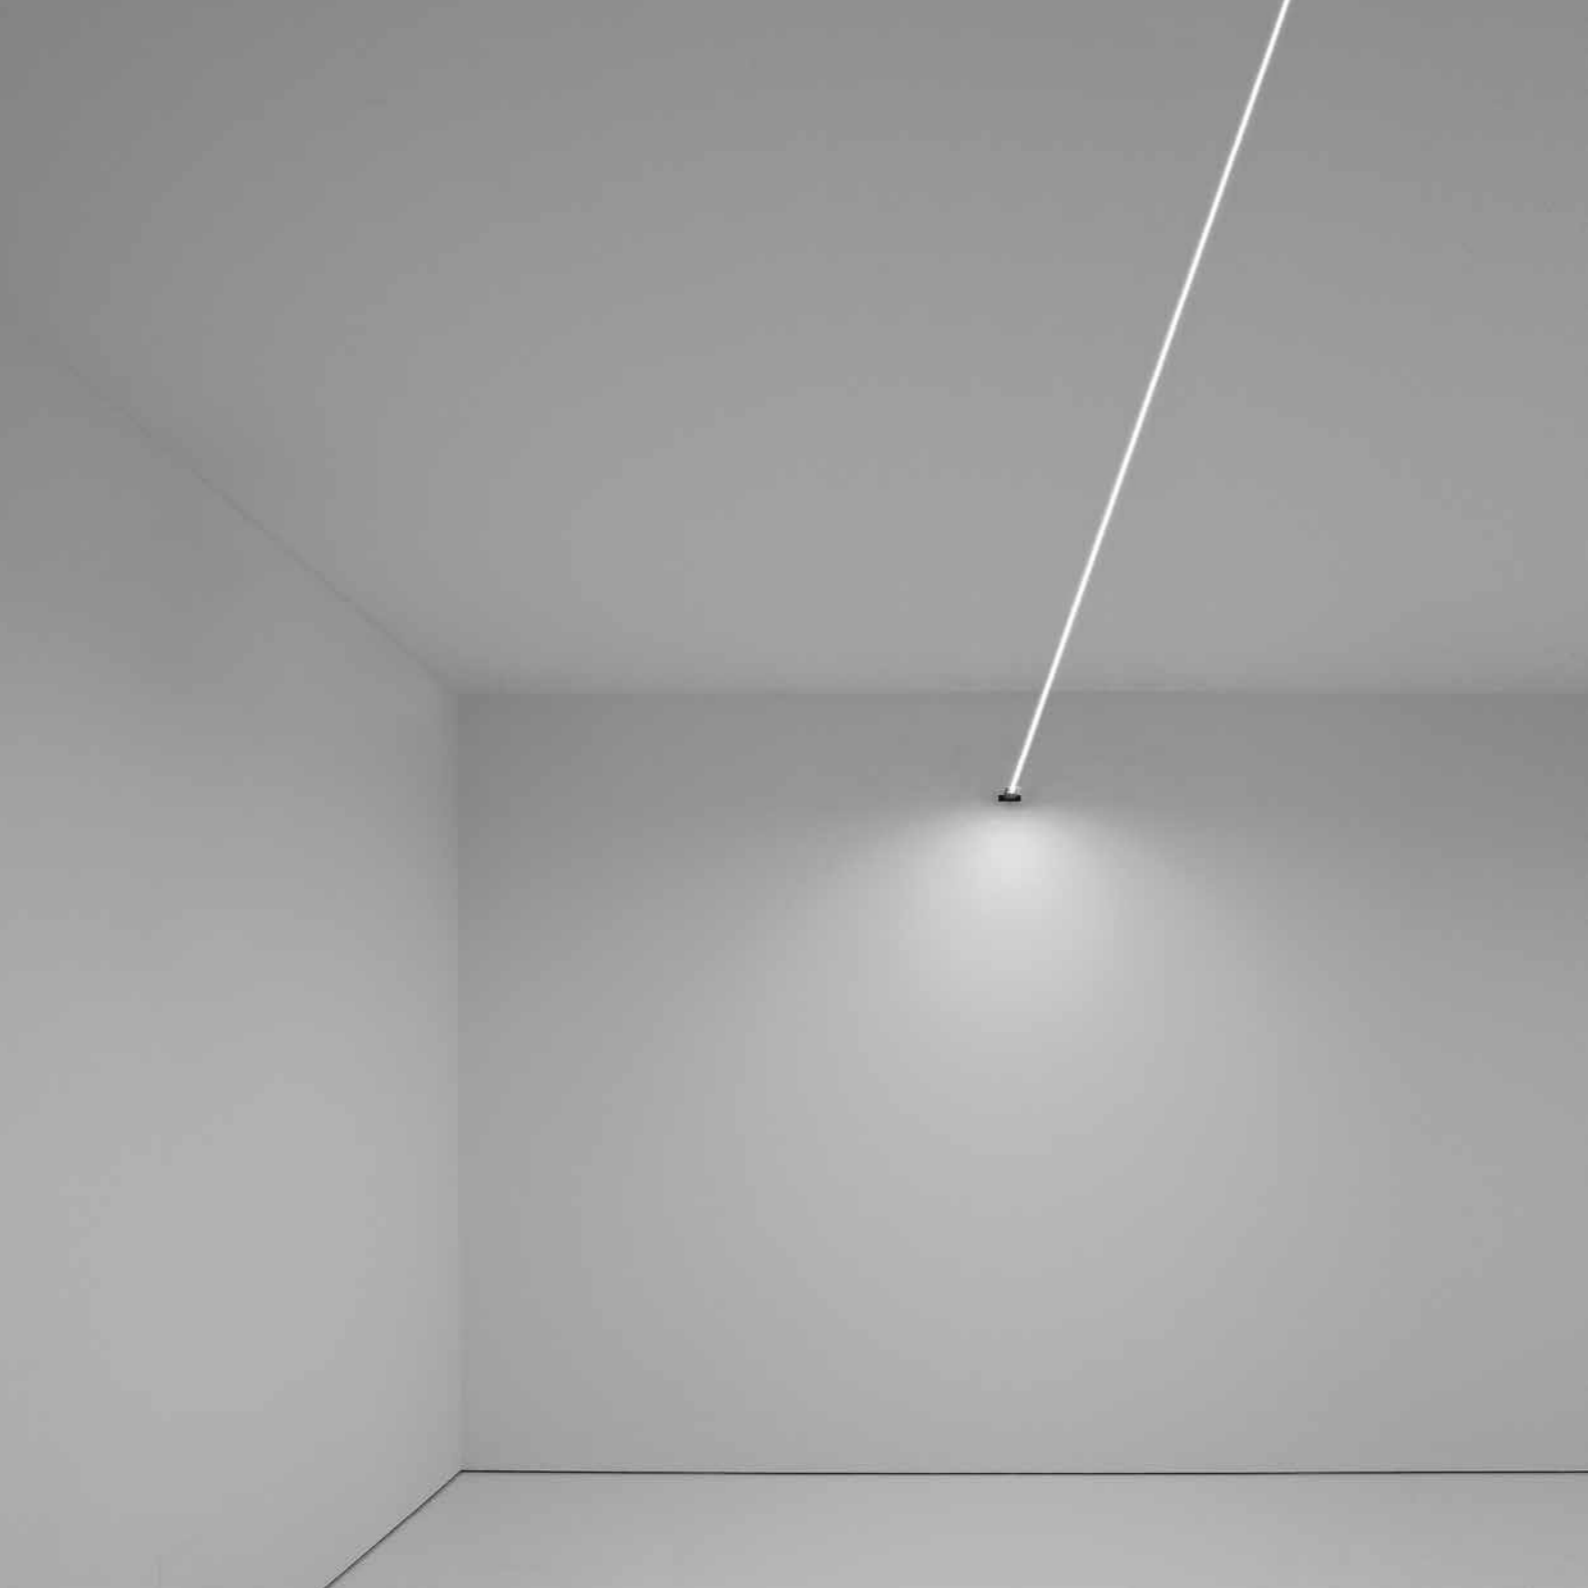

Intangible, almost invisible materials, hidden, camouflages conductors,
thin cobwebs of filaments that carry and draw the light.

Light running on digital tracks, ultra-light and almost invisible wires,
modular tapes that can be laid limitlessly on
stairs, windows, glass panels.

Circuit that close, accent lighting, ultra-light diodes.

Different, modular and compatible products together with **Endless**.

All this is part of our Sistemi.

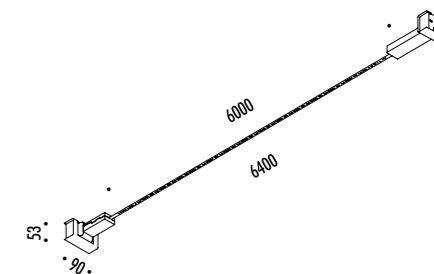

The sizes are expressed in millimeters.
