

Minima sideboard

Designer	Bruno Fattorini, Robin Rizzini
Year	2013-2023

Minima sideboard is a cabinet defined by an essential design, conceived to adapt to multiple functions while providing additional storage space. Its clean lines and timeless aesthetic allow it to blend naturally into different areas of the home, responding to a wide range of stylistic and organisational needs. Minima sideboard is available in predefined configurations, characterised by a generous storage volume and a material top. Attention to detail enhances its presence within a space, making it ideal also as a freestanding element positioned at the centre of a room.

Alongside the predefined configurations, Minima ground-standing, interpreted in the sideboard version, allows for the creation of bespoke compositions by freely combining Minima modules and the range of storage units, enabling flexible, made-to-measure design solutions.

Sideboard

Minima allows for the configuration of bespoke sideboard compositions, using the same structural elements and the range of storage units available for the ground-standing version.

Sideboard with material top shelf

Uprights and shelves

Frames and shelves made of extruded aluminium matt painted and assembled using a concealed joining system. Aluminium frame with a 1.5x1.5 cm section and shelf thickness of 1.5 cm. End frames are equipped with an extruded aluminium pressure cap. Material top shelf.

Material top

Configurations with 5 cm thick top shelf, made in multiply wood and covered in various finishes.

Cabinets Basic. Top-leaf door/Drawers

L90/L120 D39 H35 cm

Medium-density wood fibreboard with variable thickness, in a matt lacquered finish.

- Flap door: door equipped with downward compass opening, with retractable mechanism with a stainless-steel cable, shock-absorbing system, adjustable in intensity and strength in the closing and opening phases.
- Drawers: double drawer equipped with push-pull opening system, with totally extractable guides.

Notes

- Composition SB-1 dimensions L184 D39 H64/H100
- Composition SB-2 dimensions L244 D39 H64/H100
- Depth 39 cm.
- Since this piece is designed to be installed in the middle of a room, it requires dedicated cabinets for the composition.
