Tufty-Bed

BEDS

2007

Patricia Urquiola

Description

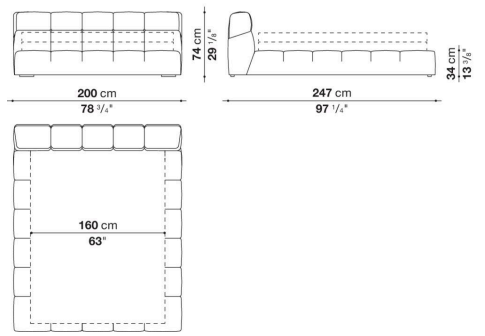

The upholstered Tufty-Bed, available in different sizes, ensures comfort and solidity. The leather or fabric cover is divided into squares, the distinctive feature of the Tufty-Time series of seats. A decidedly contemporary proposal, it reveals a bond with tradition in the reference to Chesterfield and capitonné style sofas. Featuring a base that goes down to the floor, it allows the internal space to be used as a convenient compartment.

Technical information

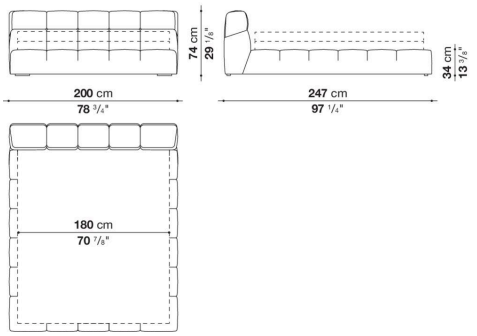

Innenrahmen
Stahlrohre und -profile
Innenrahmen Füllung
kalt elastischer Polyurethanschaum, Futter aus Polyesterfaser
